Healthcare Financing Program

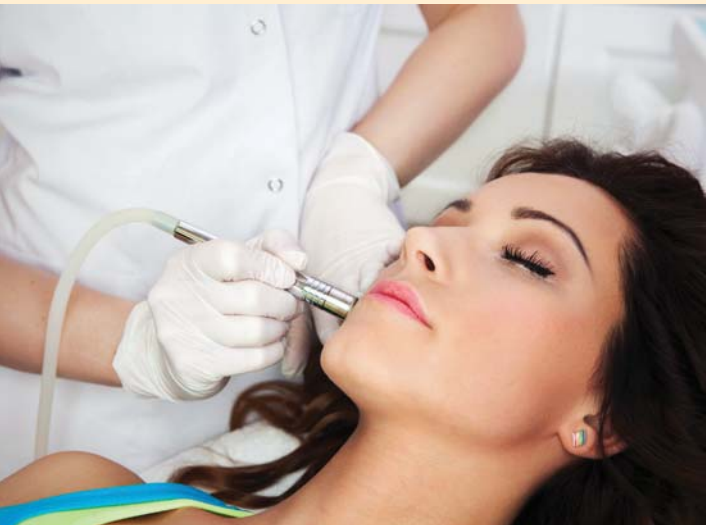

Federally Insured by NCUA

Affordable Financing for your Medical Care

Let's face it. Healthcare today can be expensive and out of pocket expenses may have you walking a fine line between getting a needed procedure and being able to pay for it. You could be putting your health or the health of a loved one at risk!

How does the Compass Financial Healthcare Financing Program Work?

Our program is a low interest personal loan with interest rates as low as 9.25% APR*. You make fixed monthly payments based upon the total amount of the loan. You know exactly how much you pay every month and there are no prepayment penalties. Most other programs are actually high interest credit cards that have an annual percentage rate as high as 26.99%.

Our Healthcare Financing Program can be used to cover:

- Dental Treatments including Braces, Crowns, Implants and more
- Cosmetic Surgery
- LASIK Surgery
- And a wide range of other Medical Treatments and Procedures

So, who is *Compass Financial Federal Credit Union*?

We are South Florida's oldest Credit Union, founded in 1936, and enjoy a 4 star EXCELLENT rating by BauerFinancial, the nation's leading bank and credit union rating and research firm. Like all Credit Unions we are a non-profit financial institution insured by the National Credit Union Administration (NCUA). As our members are our owners, we reinvest in ourselves by providing our members with higher interest rates on savings and lower interest rates on loans.

How do I apply?

Simply ask the office staff for a loan application or visit www.compassffcu.org

*Annual Percentage Rate & loans are subject to credit union lending guidelines and field of membership.
